

## **Remarks**

In a telephone interview on November 15, 2007, Examiner Zhe and Applicants (by patent attorney Philip Lyren) agreed to amend independent claim 1 to include recitations from dependent claims 6 and 14. The remaining independent claims were also to be amended in a similar manner. In exchange for this amendment, the application would be in condition for allowance.

In this after-final response, the claims are amended in accordance with the telephone interview. Specifically, independent claim 1 is amended to include the recitations of dependent claims 1 and 14. Further, independent claims 20, 29, 30, and 38 are amended in a similar manner. Dependent claims are amended to coincide with the amendments to the independent claims.

In view of the amendments, Applicants make a sincere effort to place this application in condition for allowance in accordance with the telephone interview of November 15, 2007.

## **Claim Objections**

Claims 1, 6, and 14 are objected to because of informalities. The claims are amended to cure these objections.

## **Claim Rejections: 35 USC § 102(b)**

Claims 1 – 45 are rejected under 35 USC § 102(b) as being anticipated by USPN 4,843,541 (Bean). These rejections are moot in view of the interview of November 15, 2007 and corresponding amendments to the independent claims.

### **CONCLUSION**

In view of the above, Applicants believe that all pending claims are in condition for allowance. Allowance of these claims is respectfully requested.
